

Our P.W.A.

Composed by Rev G. Slater. February 1937.

1. On Wednesday, when the dinner plates are washed & put away  
And I have tidied up the house,  
And made it clean and gay,  
I then proceed to wash & dress  
Until I look quite smart,  
And when it comes to half past two,  
I'm ready then to start.

Chorus.

Merily O, I march along, march along, march along  
Merily O I march along to our P.W.A.

2. My next-door neighbour said to me on Wednesday afternoon  
What! Have you finished all your work  
And got dressed up so soon?  
I saw by her astonished look,  
And her enquiring eyes,  
That she could hardly understand  
And felt no small surprise.

Chorus.

3. I answered - as you thus enquire,  
And would the secret know  
I'll try to tell you what it means, before away I go

11

me off to join the Sisterhood that meets across the way  
If you were wise, you'd come with me  
To our P.W.A. (Chorus)

4. We spend such happy moments there,  
Such cheery hymns we sing,  
Such bright addresses too we hear  
Which hope and comfort bring.  
Some sing to us, and some recite,  
And all from care are free,  
And at the close we all enjoy  
A homely cup of tea. (Chorus)

5. And then my neighbour said to me  
With an engaging smile  
If all you say is true, I think  
It must be well worth while  
So when a fortnight after that  
Our meeting day came round,  
I called for her, & later she  
Was at our meeting found. Chorus.

6. And so to all who gather here  
I've this advice to give,

Just talk about the Sisterhood  
 To those who near you live,  
 Tell them what happy times they miss  
 When'er they stay away,  
 And bring them when next time you come  
 To our P.W.A.

Chorus.
