

12a. 'All the World is a Stage'

By: T.A.T.S

When told the theme of this year's Flower Festival, and with our obvious connection to the world of theatre, the song 'THAT'S ENTERTAINMENT' immediately came to mind and started the 'World' rolling.

We cannot mention all the wonderful places that are venues for the performing arts, so here are just a few. There will always be entertainment all over the world and TATS are proud to be a part of it.

If you are interested in any aspect of Amateur Theatre and would like to find out more, please contact Deborah Evans on 01234 881637 or see our website at www.tats.org.uk
